(The grounding wire is provided only for units with the serial numbers 9ZW\*\*\*\*\* or later.)

\*2 Units with the serial numbers 9YW\*\*\*\*\* or earlier do not have the grounding wire.

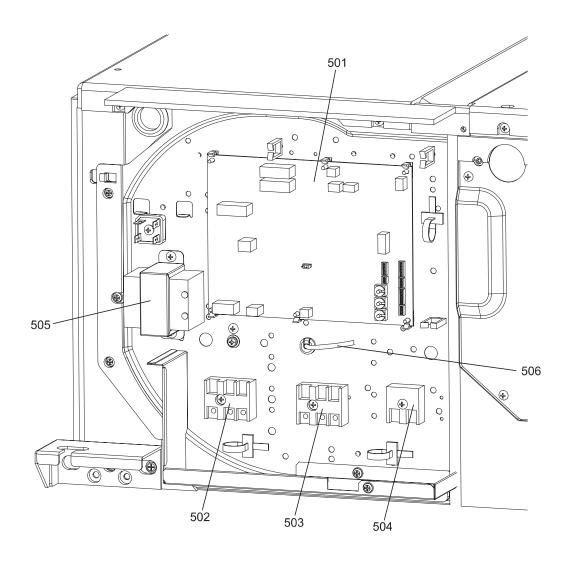

When replacing the motor on the unit that has no grounding wire, prepare 409, not 403.

To check whether the unit has the grounding wire or not, see the part indicated as "MF" on the wiring diagram plate.
